The Materials Research Society invites you to join a select group of professionals who share the Society’s commitment to the advancement of scientific research. The MRS Corporate Partner Program offers companies and their leadership direct access to a network of scientists and researchers from around the world who are dedicated to goal-oriented, interdisciplinary materials research.

A portion of the funds generated from this Program will be used to support the Materials Research Society Foundation.* Leveraging corporate partner, institutional and individual support, the Foundation strives to enhance and expand projects that broaden our impact within and outside the materials community.

The Corporate Partner Program offers five sponsorship levels—Platinum, Gold, Silver, Titanium and Bronze. Exposure and recognition during this one-year partnership are based on your level of support. Start by selecting a sponsorship level, and then customize a benefits package to meet your specific needs.

The Materials Research Society Foundation operates as a program of the Materials Research Society. Your contribution is tax deductible to the extent provided by law.
**BENEFIT OPTIONS**

**CORE BENEFITS**

- Visibility to the materials community through a presence on the MRS website, including rotating banners on the MRS homepage and Materials Research Society Foundation web page (subject to MRS approval)
- MRS Membership, including free electronic access to all MRS journals, discounted registration rates for MRS meetings and workshops, and more
- Recognition in one issue of *MRS Bulletin*
- Recognition in the *Meeting & Exhibit Guide*, on the mobile meeting app, and through on-site signage at MRS meetings

**GROUP A**

- **Print advertisement in MRS Bulletin** (full page, 4-color)
- **Print advertisement in Meeting & Exhibit Guide** (full page, 4-color)
- **White paper in MRS Bulletin**, driving readers to your website for more information (limit one per one-year sponsorship period; subject to MRS approval)
- **Educational Webinar**, providing a valuable resource to your target audience (equivalent to two benefits)
- **Registration banner**, located in high-traffic area at MRS Fall Meeting
- **Mobile meeting app banner**; rotating banner on most screens of the app
- Online rotating banner advertisement under Meetings & Events pages of MRS website (12 months)
- **Symposium Support Program**, supporting a high-quality technical program and participation of researchers from around the world (Silver level symposium support benefits apply; select session to support)
- **Email distribution list** tailored to your specific audience (5,000 addresses; all transmissions completed through MRS)
- **MRS Frontiers Reception—Building Communities**, forging new content and communities at the forefront of materials research
- **iMatSci Innovation Showcase**, presenting a platform to collaborate and accelerate adoption of new materials technologies for real-world applications (Titanium level iMatSci sponsor benefits apply)
- **Focus on Sustainability**, raising awareness of the valued role of sustainable materials practices to a sustainable world
- **Materials Needs for Sustainability by 2050**, discussing materials needs for energy sustainability with leading experts

**GROUP B**

- **Materials360® newsletter**, delivering semimonthly snapshots of what's new in the rapidly changing world of materials research
- **Two marketing promotions** (announcing a new product, upcoming webinar, personnel changes, etc.) featured in Materials360®
- **Meeting Scene newsletter**, delivering daily summaries of technical presentations and events from MRS Meetings
- **Email distribution list** tailored to your specific audience (3,000 addresses; all transmissions completed through MRS)
- **Sponsorship of one webinar** presented by *MRS Bulletin* as part of the MRS OnDemand® Webinar Series
- **Symposium Support Program**, supporting a high-quality technical program and participation of researchers from around the world (Bronze level symposium support benefits apply; select session to support)
- **Science as Art**, featuring artwork related to materials science and aesthetic scientific imagery
- **United Nations Sustainable Development—Agents for Sustainable Community Change**, awarding community-driven projects surrounding environmental sustainability and economic prosperity
- Three to five 30-day enhanced job postings on the MRS Job Board
- **Literature display** in high-traffic areas at MRS meetings

Agency discount not applicable
Unused benefits will be forfeited at the end of the one-year partnership period
