

Panel on Careers and Post-Graduate Studies in Materials Science

Thursday, June 24 | 7:30 pm – 8:30 pm (EDT)

Zoom Webinar, EMC conference registration NOT required

Moderator: Suzanne Mohny, The Pennsylvania State University

Interested in a career in materials science and want to know more?

- Is graduate school right for you? What paths are there to these careers?
- What does a materials scientist do and where do they work?
- What are the career options in industry, government and academia?

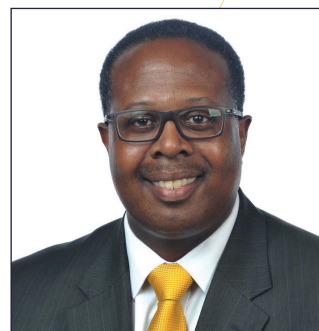

PANELISTS:

Adrienne Stiff-Roberts
Duke University

Wenbing Hu
Applied Materials, Inc.

Samuel Graham
Georgia Institute of Technology

David Estrada
Boise State University

Mona Ebrish
U.S. Naval Research Laboratory

Michael Abraham
Lockheed Martin

This event is organized by the EMC 2021 Officers and was made possible by

National Science Foundation Award DMR-2120668

Program Officer: Debasis Majumdar

PI: Dan Wasserman
