

# 2019 MRS Spring Meeting Exhibit ALPHABETICAL CHECKLIST

- |  |   |   |
|--|---|---|
| 832 Admiral Instruments                                    | 201 Hitachi High Technologies America, Inc.                   | 833 PicoQuant Photonics North America Inc.            |
| 603 AdValue Technology, LLC                                | 202 Hummingbird Scientific                                    | 701 Plasmaterials, Inc.                               |
| 804 AIP Publishing   | 827 ibss Group, Inc.  | 726 Protochips  |
| 500 AJA International, Inc.                                | 730 INSTEC  | 727 Quantum Design, Inc.                              |
| 229 Allwin21 Corp.   | 302 International Centre for Diffraction Data (ICDD)          | 503 R.D. Mathis Company                               |
| 705 American Physical Society                              | 802 IOP Publishing  | 205 Rigaku  |
| 404 ANCORP   | 301 Janis Research Company, LLC                               | 204 Scienta Omicron, Inc.                             |
| 830 Angstrom Science, Inc.                                 | 602 JASCO   | 402 Seki Diamond Systems                              |
| 700 Anton Paar   | 231 JFE Shoji Electronics Corporation                         | 702 SPECS-TII, Inc.                                   |
| 430 Arizona State University                               | 704 KLA Corporation   | 300 SPI Supplies, a Division of Structure Probe, Inc. |
| 330 Barnett Technical Services                             | 103 KP Technology USA Inc.                                    | 801 Springer Nature                                   |
| 326 Bio-Logic USA  | 200 Kurt J. Lesker Company                                    | 604 STAIB Instruments, Inc.                           |
| 400 Blue Wave Semiconductors, Inc.                         | 327 Lake Shore Cryotronics, Inc.                              | 101 Ted Pella, Inc.                                   |
| 631 Bruker Anasys/AFM                                      | 826 Lyncée Tec SA   | 230 U.S. DOE Nanoscale Science Research Centers       |
| 629 Bruker Hysitron  | 605 M. Braun, Inc.  | 729 UC Components Inc.                                |
| 633 Bruker Nano Analysis—X-ray Diffraction                 | 601 Malvern Panalytical                                       | 733 Vigor Tech USA, LLC                               |
| 100 Cambridge University Press/ Materials Research Society | 227 MANTIS-SIGMA  | 732 Wafer World Inc.                                  |
| 800 Cell Press   | 731 McCrone Group   | 600 J.A. Woollam Company, Inc.                        |
| 105 Chemat Scientific                                      | 426 MilliporeSigma  |   |
| 405 CrystalMaker Software Ltd.                             | 829 MSE Supplies LLC  |   |
| 228 Delcom Instruments, Inc.                               | 501 MTI Corporation   |   |
| 403 DENSsolutions  | 232 National Academies of Sciences, Engineering, and Medicine |   |
| 303 Ecopia Corp.   | 233 neaspec GmbH  |   |
| 502 Electron Microscopy Sciences                           | 703 Newport Corporation                                       |   |
| 828 Enli Technology Co., Ltd.                              | 304 Nor-Cal Products, Inc.                                    |   |
| 831 Formulation Inc.                                       | 728 Novocontrol America, Inc.                                 |   |
| 401 Gatan  | 226 NT-MDT America, Inc.                                      |   |
| 627 Goodfellow Corporation                                 | 332 Park Systems Inc.   |   |
| 305 HeatWave Labs, Inc.                                    |   |   |
